Please note: We work hard to keep access open to all young people and are fortunate to secure public funding to support our events. Places at our events are subsidised wherever possible with the true cost of each place being much higher. We have a limited number of fully funded places at our events for pupils entitled to free school meals or for families on low incomes. Please contact us directly at [feisghaidhligghlaschu@gmail.com](mailto:feisghaidhligghlaschu@gmail.com) if you would like to discuss a fully funded or subsidised place.
